Basketball Season Opener Friday Night

Golden Gater

Vol. 58, No. 11 SAN FRANCISCO, CALIFORNIA November 25, 1953

Hurry, Hurry to the Men's Gym 'Big Top' And See State's New Varsity Circus

With all the traditional noise, color and excitement, the San Francisco State Varsity Circus will come to the campus on Friday, December 4.

The Circus will be presented in the Men's Gymnasium, decorated to simulate a circus tent, and will feature gymnasts, dancers, singers, clowns, trampoline artists, variety acts, the Men's Glee Club and the band.

The price of admission is a flat 50 cents, and tickets are available from band and orchestra members, at the box office in AA 11 on the old campus, and in the Student Union. Included in the 50 cent admission charge is a dance to be held after the "big show" in the Women's Gym, featuring the music of a well known "combo."

The various areas of entertainment are being directed by Mrs. Eleanor Wakefield, Mrs. Bernice Peterson, Mrs. Jacqueline Ogg, Mr. Ed Kruth, Mr. Arthur Bridgeman, and Mr. Harold Hollingsworth.

Since the Circus will be presented on only one evening, and there is a limited capacity in the gymnasium, the student ticket sellers urge students to buy tickets in advance in order to assure themselves of a seat and entrance to the dance.

Lee Summarizes Art of the Orient

Ching Wah Lee, lecturer and collector of authentic oriental art, spoke at a Humanities Club program last week.

In the lecture Mr. Lee gave a brief summary of what he called a "long story" on the evolution of oriental art. He began the lecture by showing the earliest Chinese crude earthenware and explained how it was made at the time.

The deadline for filing petitions for Spring editorial positions on the Golden Gater is December 16. Petitions may be obtained in the Golden Gater office, Hut T-1.

While displaying pottery and ceramic ware, Mr. Lee told of the dynasty in which each piece was made and how they were formed. Among the collection was a ceramic doll. "This is my sweetheart," said Mr. Lee. "She's only 2,000 years old."

A portion of the valuable art work was displayed in the Visual Arts and Industry building from November 16 to 20.

WHO'S DENSEST?

The discussion in the geology class was concerned with the relationship between thinness and density of materials.

Suddenly a hand shot up in the middle of the room and, after getting the nod from the professor, the student pointed at his classmate seated next to him and inquired:

"He's thinner than I am. Does that make me more dense?"

Mr. Mandra diplomatically declined comment.

Plans Made For A 'Gator Pledge'

Early plans are now being laid for the "Gator Pledge Week," a special week next semester to call attention to student behavious problems on the new campus and in the surrounding area.

Robert Horn, this semester the editor of the Golden Gater, has been appointed to be overall chairman of the week, March 8 through 12, 1954.

Tentative plans call for: the first day, a parade, noisemakers, presentation of a slogan to "Take the Pledge—Bring the Gators Out of the Swamp;" second day, an open meeting of the Board of Directors in the gym; third day, a roving reporter on a P.A. system in the College Union; fourth day, a rally skit; and fifth day, five or ten minutes of every class to be devoted to discussing what can be done to make pledge week effective.

The week comes as response to complaints of student behaviour (1) in neighboring Parkmerced district, (2) at and after dances and athletic events, and (3) in the College Union.

The Gator pledge will be the new Gator Golden Rules, recently passed by the Board of Directors.

The text of the Gator Golden Rules, to be used as the Gator Pledge next semester, follows:

1. Be loyal to State College. As a member of our college community your represent State in everything you say and do.

2. Respect each other and the college. Mutual respect among citizens of the college community for each other, and individuals and as groups, and for the campus buildings and grounds promotes good morale.

3. Endorse activities which adhere to democratic principles. The student activity program should be built on a broad, non-exclusive base.

4. Consider wisely your rights and responsibilities. As a citizen in our college community, you must assume the responsibilities which accompany your rights.

5. Be a good neighbor. Remember that our college community is part of the surrounding community.

6. Be friendly! State has a traditions of friendliness. Let's keep it that way.

Erntedonkfest Is A Thanks Day Too

About the time you're eating your Thanksgiving feast, the Fraus and Frauleins of Germany will have finished "Erntedonkfest," the thanks festival that comes on October 1st. Differing from our traditional holiday, "Erntedonkfest" is not necessarily a family gathering, but people assemble in beer gardens and restaurants and, during the celebration, sip the new wine which has just been put on the market.

Health Plan Gives Low-Cost Coverage

The Kaiser Health Plan's program which provides economical insurance covering medical costs is open to all S.F. State students, Jack Healy, administrator of student affairs, declared.

In the past ill students were often forced to discontinue their education until the necessary money was earned to pay for their medical bills.

Any student subscribing to the plan may, or may not, include his spouse and unmarried children until 19 years of age in the plan.

The cost of the plan for one student is $$3.25 per month; for one student and one family dependent, $5.70 per month; for one student and two or more additional family dependents, $$6.95 per month.

The initial outlay of money may appear large, but the insurance acquiired, viewed in the long term slant, is secured at a "very small price," Healy continued.

Detailed information and aid in joining the health plan may be obtained in the Associated Students Business Office, Hut T-1, New Campus.

Gator Cagers Scrimmage City College Today; Oppose Alameda Coast Guard Friday in Gym for Opening of Season

By DAVE KRUG

City College's Ram cagers invade the Gator gym today, to test the strength of State's basketball team in a game scrimmage which will begin at 3:30. Those who are interested in getting a sneak preview of the 1953-54 hoopsters are invited to watch the Gators meet their first collegiate opposition of the year. Friday, at 8 p.m. they joust with the Alameda Coast Guard here.

The scrimmage will be preceded by a basketball rally at which the team will be introduced to the students. Carl Samonian, the new rally commissioner, stated that he intended to boost the interest of the students in their basketball team.

HALFTIME ENTERTAINMENT

State students will be entertained at the halftime of most games by acrobatic and trampoline shows or drill teams. This added entertainment, along with some fine basketball, promises to give the students a good show.

The basketball team has been practicing hard, and improving constantly throughout the pre-season workouts. Basketball could hit an all time high at S. F. State, this year. The Gators possess a combination of experience, speed, height and shooting ability, and show promise for the oncoming season. All the team asks is that the students give their support and attend the rallies and home games.

NEW ATHLETIC ERA

Coach Dan Farmer optimistically predicted, "Football has set the tone of sports this year. This is the beginning of a new era of athletics in State's history. The basketball team will be influenced to equal the fine record of the football team, and basketball is now on the march."

Having scrimmaged the Oakland Naval Air Base, the Golden Tide displayed an ability to shoot above average for this time of the year. A pleasant surprise was the accuracy of Glydon Mayfield, who is shooting at his best this season. "If he keeps up his pace," according to Coach Farmer, "he will grab scoring honors more than once during the oncoming campaign."

NEW HEIGHT ADVANTAGE

This year's height advantage should net the Gators a far greater number of tip-ins than previous State fives have scored. Although the passing thus far, has been somewhat ragged, the team, fast break and all, should

(Continued on Page Two)

First Basketball Rally of Season This Afternoon

State's first basketball rally of the season will be held this afternoon in front of the new campus gym from 1 to 2 p.m.

Of top interest to Gator fans will be the introduction by Coach Dan Farmer, of the 1953 casaba squad, representing the school in the newly-formed Far Western Conference.

Entertainment for the rally will be provided by Singer Gloria Reyes, comedians Pat Jellett Sharon Boyle and Dee Winters with music by Lonnie Hewitt, and Ed Mortimer.

Three additional rallies are planned during the month of December.

Two State Students Air Programs on Local Radio

Campus News Service Golden Gater-KRTG

Each Saturday over station KXKX, the FM affiliate of station KEAR, two State students air their own programs. Pat Stubo has a show of Dixie-land Jazz, and Ed Stoermer a program of Bay Area News.

The 15 minute programs have drawn fan mail from as far away as Oregon and Nevada. Pat has a style in presenting her Dixieland, which runs the gamut from old collector's items to the contemporary variety. Ed Stoermer's commentary on the Bay Area News is handled in a delivery similar to KNBC's Bill Guyman.

Pat Stubo's program can be heard each Saturday at 3:30 p.m. followed by Ed Stoermer's news at 3:45. The station is KXKX-FM, 97.3 on the FM dial.—By Bill Milligan.

Applications Open For Orientation

Applications will be available Monday, November 23, for 80 on-campus orientation assistants, newly-appointed General Orientation Chairman George Poquette announced last week. Fifteen freshmen posts are included in that number.

Forms will be given on a first-come, first-serve basis and must be filled out in Hut T-1 upon their receipt.

Appointments already made by Poquette are Hal Spady, Frosh Camp director, with Bob Reidel and Mary Courtney as chairmen of on-campus orientation. Marge McGinnis and Phil Massonheimer will be co-chairman for registration, taking over from last year's chairman, Alice Pappas.

Assisting on-campus orientation will be; Lorraine Maison, Dean Stenberg, Barbara Ebner, Ron LeRoy, and Mrs. Pat Wire. Mrs. Wire will aid the overseas students.

This semester's number of 80 registration assistants has been cut from last semester's 150.

Those students expecting to be employed February 8 to 12 need not apply. Poquette added, "This is to be a full time job that week."

Tired of Givin'; Board of Control Closes Budget

After passing budgets for the Humanities Club and the Art Club, and an addition to the yell leader budget, the Board of Control recently finally closed the budget.

The remaining fund, slightly over $1000, was set aside for "Campus Expansion," presumably for the Student Union building of the future.

The Humanities Club received a budget of $73 for the coming year, and the Art Club was subsidized to the tune of $76.95, indirectly subsidizing purchase prizes for the annual Art Exhibit.

The third subsidy was an increase in the Yell Leader budget, helping yell leaders attend one football game away, and the San Jose and C.O.P. basketball games.

The Speakers' Bureau--A Winning Team

Representatives of the Speakers Bureau for this semester are: (Back Row) Irving Zimmer and Cliff Custer; (Row 2) Charles Fesler, George Gill, Bob Crozier, Allen Trimble, and Glen Blackwell; (Row 1) Warren Gustafson, Sue Stanley, Clark Vilas, Edith Stern and Frank Malagnini and Chan Meloy. The group took fourth place in a speech contest at the University of California last week.

Professors Air Views on Kinsey's 'Sexual Behavior in Human Female'

By JAMES KEOLKER

Dr. Alfred Kinsey. that notorious synonym for sex, became the object of wit, study, and oratory—without scorn—last week at the Nurse's Club's panel discussion of the latest Kinsey report, "Sexual Behavior in the Human Female."

To say the lecture was well-attended would be an understatement. The large Science lecture-hall was jammed with both eager faculty and students. This was something of a triumph for the Nurse's Club, a comparatively new campus organization.

Dr. Blanche Baker, professor of Psychology and Education, stated great appreciation for Kinsey's work. **"The data serves as a tool," stated the forthright Mrs. Baker. "We must understand the human as an animal . . . the behavior may be more embellished, more valuable, more secret, but basically we are the same as animals . . . Besides, sex is fun."**

Dr. Eleanor McCann presented, in what brief time she was allotted, a highly enlightening insight to literary studies of Kinsey. "The footnotes," Miss McCann blushed, "are some of the best reading in the book!"

Miss McCann also touched on the problems of the effect of romantic literature on women, of Kinsey's use of private correspondence, diaries, and letters, and the "banned" book and the social implications of the "bad" book.

Mr. Jules Grossman, instructor in psychology, commented on the importance of the Kinsey report in the light of "what people will say and tell about themselves and their sexual behavior," he said.

Dr. James Day, assistant professor of psychology, discussed some of the criticisms made against the book, particularly the charge levelled at the validity of the volunteer samples. Dr. Day answered by comparing the 8,000 "hypothetical population" of volunteer Kinsey interviews to the handful of abnormals sampled by Freud.

Hoopseters Ask Student Support in Coming Games

(Continued from Page 1)

be developed by the beginning of the season.

For the first time in several seasons, the Gators have strength at center on the second team. Don Nelson, a lightweight 6 ft. 3 in. substitute, is regarded by his coach as a very reliable player.

Coach Farmer still commends Henry Fort and Robert Johnson, two freshmen who "should be able to help us out a lot." A new addition to the squad is Maury Duncan, who reported as soon as football was over. Duncan displays the same precision and accuracy with a basketball as he did with a football. His football experience has given him ruggedness, and he could be used as a playmaker. Working from a guard position, Duncan shows ability to rebound and start State's fast breaking offense.

Over 160 California High Schools Represented in Freshman Class

The difficulties of admitting only those students our facilities can accomodate are illustrated by a study of "Admissions Statistics" just completed by the Admissions Office.

Up to the closing date 2.518 applications had been processed.

Of these, only 1,943 were approved, but of the 1,943 only 1,540 actually enrolled and paid fees. In short, 403, or 20 per cent, of the students admitted changed their minds and decided not to enroll.

Of the 1,540 new students who enrolled, 940 were low freshmen; to 14 units; 86 had 15 to 29 units; 237 had 30 to 59 units; 307 had 60 to 89 units; 60 had 90 units or more but were still undergraduates; and 280 were graduate students.

The 854 freshmen were largely from California, with only 88 from outside the state. San Francisco public high schools sent us 296, with George Washington's 49 topping the list. From Oakland came 105; from Berkeley 50; from Richmond 29; and from Alameda 16.

Gator Flying Club Formation Soon

Want to fly? Want to see what the earth looks like from the wild blue yonder? Bob Erhart can help you, for he and Col. McCarthy are forming a flying club.

By December they will be ready to accept members. The membership is open to both males and females. To join, a person will have to buy stock in the corporation.

It will be a non-profit corporation whose purpose is to promote an interest in aviation and to provide low cost flying for members. They will buy an airplane which only members will be entitled to use.

The club to be called Flying Gators Incorporated, will be in full swing by the spring semester. The membership will be limited. The club will be modeled after San Jose State's flying club.

GEOGRAPHY CLASS TO TAKE AERIAL TOUR

Geography by air is the latest method used by Professor Alfred R. Summer of S. F. State to teach students about the landscapes of the Bay Area.

A 200 mile trip has been planned in a DC-3 leaving from the San Francisco Airport on December 1 at 9:30 a.m. and lasting for an hour and half.

All those aboard may visit the cockpit in flight and observe transport plane operation first hand. The approximate route flown by the plane will be via Golden Gate, Stinson Beach, Petaluma, Napa Valley, Berkeley, Oakland industrial area, Palo Alto, and Crystal Springs.

Total cost for the entire trip is $10. Those seeking reservations should see Professor Summer by inquiring in the main office of the Social Science Division.

DELTA PHI EPSILON INITIATES MEMBERS

Twelve new members will be initiated this term into Epsilon Chapter of Delta Phi Epsilon, the national honorary fraternity for women of early childhood education.

Members participating in the initiation ceremony will be the following officers of the Fall semester: president, Alice Ferraris; vice president, Lupe Fabela; corresponding secretary, Martha Sanders; recording secretary, Marjorie McGinnis, treasurer, Nancy Benson; historian and publicity, Emma Jean Morgan.

Delta Phi Epsilon is a professional interest organization which invites, as members, prospective women teachers who have shown scholarly attitudes in their chosen profession.

The following girls are seeking membership: Shirley Albrecht, Barbara Anderson, Joan Anderson, Loretta Bohn, Jane Dale, Dolores Derby, Sumi Nakano, Velda Mitchell, Kathleen Powers, Beverly Speacht, and Marianne Walff.

Frat Footballers Fight for First

Delta Phi Gamma and Kappa Omega are currently tied for first place in the Fraternity Football League with a 1-1 record each.

Delta Phi's main offensive threat is Halfback Stan Fabiano who last week made one touchdown gallop of 80 yards. Fabiano is also the favorite receiver of quarterback Gary Allyn. Ron Rosenberg, a blocking back, and Jack Morgan round out the backfield.

Supporting men up front are ends Sal Lenci and Rudy Sampson, with Al Pacheco, Jay Luther, Gil Perry. Will Vujovich and art Morris lending the brawn in the sturdy part of the line.

Kappa Omega stars Bob Quattrin, Herb Anderson, Frank Verducci, Al Rosseto, Roger Martin, and Ralph Kermoian.

Lucky Strike Student Representatives Named

Wm. Cassidy and Robert Muller have been selected by the Student Marketing Institute of New York to be the Lucky Strike student representatives on the San Francisco State College campus.

ARTIST OR . . .?

Foulouse Lautrec? The great French poster artist no doubt would have turned in his grave last week had he seen the Student Bookstore ad. The linotype slipped as linotypes sometimes will, and substituted an "F" for a "T" in Toulouse. At least it didn't read Foot-loose Lautrec.

Gators Win Third In Water Polo

Playing host for the first annual California State College Water Polo meet last Friday, November 13, the Gator water polo team placed third against such formidable opponents as San Jose State and Cal Poly.

San Jose State's Spartans won the meet by beating the Cal Poly swimmers, 13-2.

Norm Cady, Jose Angel,, Larry Soderman, Jim Fischer, Norm Stupfel, John Schmidt, Bruce Duncan and Bob Long played good ball for the Gators.

(NEW CAMPUS)

Campus Style Hints

By AILEEN KELLY

Accessories for a man's wardrobe are perhaps the primary items whereby he may express his personality via distinctive color harmonies, textures and design, as well as using them for corrective dress.

Color harmony in ties might first be considered in accordance with the color of his skin, eyes and hair. Color should also be subordinate to personal coloring and blend or contrast with the apparel being worn.

It is easier to obtain a good effect if a solid colored tie is worn, but for interest and variety plus personality expression, some texture, color and design should be introduced.

Although you may know your best colors and textures in ties, it must be remembered that flamboyant conspicuous color combinations and designs on satin or silt, whether printed or hand painted are considered to be in poor taste and out of place for business as well as for most social functions.

Socks may be chosen to match or blend with the trousers or suit, in color and texture or may include one or two of the colors in the tie that is to be worn.

Handkerchiefs in the upper left pocket are almost always in good taste if they are white, but occasionally if you are clever in the planning of your ensemble you may use a handkerchief that matches the background color of the tie.

Fads or novelties in tie clasps, pins, belts, studs, suspenders, watch chains or watch bands are of doubtful value because they become dated as well as presenting the danger of looking overdressed.

LATEST COLLEGE SURVEY SHOWS LUCKIES LEAD AGAIN

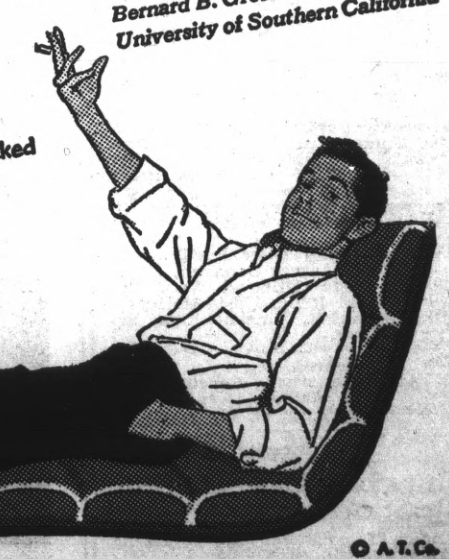
Last year a survey of leading colleges throughout the country showed that smokers in those colleges preferred Luckies to any other cigarette.

This year another nation-wide survey—based on thousands of actual student interviews, and representative of *all* students in regular colleges—shows that Luckies lead again over all brands, regular or king size...*and by a wide margin!* The No. 1 reason: Luckies taste better.

Smoking enjoyment is all a matter of taste, and the fact of the matter is Luckies taste better—for 2 reasons. L.S./M.F.T. —Lucky Strike means fine tobacco. And Luckies are made better to taste better. So, Be Happy—Go Lucky!

When I relax for just a sec,
A Lucky Strike I light.
I find its mildness, better taste
Make smoking a delight!
Bernard B. Grossman
University of Southern California

So round, so firm, so fully packed
They really are a treat.
For all occasions that arise
A Lucky can't be beat!
Evelyn Ann Blum
Michigan State College



Where's *your* jingle?

It's easier than you think to make $25 by writing a Lucky Strike jingle like those you see in this ad. Yes, we need jingles—and we pay $25 for every one we use! So send as many as you like to: Happy-Go-Lucky, P. O. Box 67, New York 46, N. Y.
